

Dear Community Member:

Through our partnership with local schools, we recently learned there have been an increased number of identified homeless families. Given our sphere of influence, we felt we were in the position to help address this issue. By partnering with local schools, we have learned that children, grades K-12 and their families are struggling with basic essentials. These students and families are our neighbors, friends, and classmates. Assistance can come in all forms, we are looking for others to partner with us to host hygiene drives within their organizations. We appreciate any introduction you can make on our behalf. Please help us support those in our region by donating any of the following:

- deodorant
- shampoo
- conditioner
- body wash
- soap
- tooth brush
- tooth paste
- floss
- mouth wash
- hand sanitizer
- bags for items
- cash donations to purchase items

Donations may be made in person at the Northern Kentucky Chamber of Commerce, 300 Buttermilk Pike, Fort Mitchell, KY 41017. Consider hosting a hygiene drive at your office. We are also happy to pick up donated items. Items to be disbursed 12/9/2016.

Please contact Preston Suttmilller at [psuttmilller@nkychamber.com](mailto:psuttmilller@nkychamber.com), 859-578-8387 for additional information or to arrange pickup.
